

# bearing the standard

*a rallying cry to uphold the Scriptures*

Messianic Jewish author Kevin Geoffrey has drawn a line in the sand: the Scriptures are either defective and deficient, or sufficient and supreme... which side do you choose? For too many in the Body of Messiah, the Word of God is a mere consultant with no authority. We refuse to permit Scripture alone to establish our priorities, determine our beliefs, and tell us how to live daily for the Master. In *Bearing the Standard*, Kevin reveals how we have collectively lost sight of God's Standard—how we are thoroughly oblivious to the influences that lead us to misplace and compromise God's perfect Word: the Scriptures. *Bearing the Standard* is a practical, prophetic, and foundational word to all of Messiah's disciples, calling us to boldly raise the banner of Scripture as the only sufficient and supreme standard for our lives... *are you willing to join the cause?*

A CNN newscaster recently stated that the largest growing group of people in America are those who have no religious beliefs. I believe this is a direct result of the failure of most Christians to believe and live their lives according to the guidelines found only in the Word of God. This book will shock you into action that is necessary to reverse this trend.

In an age where subjective truth has replaced absolutes, Kevin Geoffrey calls all true Believers to wake up! *Bearing the Standard* challenges the Body of Messiah to restore the rightful place of the inerrant, infallible Word of God in our lives. I strongly recommend you not only read this book, but apply the truth contained therein—it will change the way you see just about everything!
